Giving two hours stop at Redlands and Riverside for drives and sight-seeing.

THE OBSERVATION CAR on this train affords pleasant opportunity for seeing the sights. Tickets admit stop-overs at any point on the track. Round trip \$4.10.

San Diego and Coronado Beach.

The most beautiful spot in the world. Two daily trains, carrying Parlor Cars, making the run in about four hours from Los Angeles. The ride is delightful, carrying you for seventy miles along the Pacific Ocean Beach.

Santa Fe Route Office, 200 Spring Street, corner Second.

NARY CHANGE.

Senatorial Puzzle Still Mean as Ever.

Investigation Resumes Today. Finishes This Week.

The Times Sensational "Scoop" the First Subject.

Break Predicted and Rumors Started by Mexican Dan's Push — S. P. Agents Drop Their Dirty Work. Bulla Hangs onto His Hobby.

[BY DIRECT WIRE TO THE TIMES.] SACRAMENTO, Jan. 22.—[Exclusive Dispatch.] The situation tonight in the words of U. S. Grant, "remains very much the same."

There is no foundation for the many rumors that the Burns people delight to set on foot that the Grant supporters are about to take advantage of the excuse offered by the investigation now going on to break away from Grant, and that this is making easy the efforts of Burns to secure caucus. Even those among the Grant following who might, with most reason, be expected to leave the fold at this time, say they cannot do so without laying themselves open to suspicion and to the charge of bad faith.

There certainly should be no expectation of a break until after the report of the special investigation committee is made, and if the claims of the Grant managers that absolutely not one penny was used to influence a vote for Grant, are sustained, it is not apparent why any break should follow the committee's report. It is true that the impression is gaining ground that Grant can not win, and it is equally true that the work of the Southern Pacific agents, who are said to be scouring the southern counties, is resulting in the sending of numerous letters to members from below the Tehachapi, telling them that the time has now come to go to Bulla, but why any member should play into Bulla's hands, for that is what the latter's own people admit that it means, by leaving Grant, or how the change of the San Diego's entire twenty-eight votes to the Los Angeles man would elect Bulla is something no man who has not got Burns on his brain can explain.

One thing is certain, it would be far more easy for Burns to make votes among the Grant contingent than for Bulla to do so, for the latter is regarded in the light of betraying the best interests of the South by insisting on his own personal ambition instead of accepting the conditions as they exist, and doing the best he can to aid the election of a Southern Californian. One thing Mr. Bulla and his people overlook is that twenty-one northern votes which are counted day after day for Grant, have no particular interest in helping out the southern end of the State, and absolutely no interest in boosting Bulla, yet the latter pliantly calls on the gods to know why these twenty-one votes do not come to fall down and worship him.

NEW RICHMOND POSSIBLE.

There is an intimation of a new Richmond in the field in the person of Judge Torrance of San Diego, and Judge York of Los Angeles is said to be still upon the supercilious entirely willing to accept the crown if it shall be offered to him. The best judgment of those in the Grant camp is to remain where they are until Burns has played many of his cards, and the game can be better sized up. There is no question but he would caucus tomorrow if he could get the independent element to agree to it, and the plays which he is arranging are being made with a view to that end, or what is almost beyond the range of probability, a stampede on the floor of the joint convention.

Some of the members are wondering if there was any significance in the remark of Senator Morehouse last night that he was going to San Francisco to help make a Senator. Morehouse has been supporting Barnes, who, in some quarters, is thought to lead Knight and Estee as a probable dark horse. The fact that Knight has disappeared from the list does not by any means indicate that he is out of the race, for he is simply doing what most of the other candidates are doing, lending out his strength that it may flourish by use; casting his bread upon the waters so that it may return to him after many days, so to speak.

COMMITTEE RESUMES TODAY.

The special investigating committee will resume its labors tomorrow morning, and will endeavor to clear up this week most of the work ahead of it. The probable course of procedure tomorrow will be the continuation of the investigation of the charge that a certain Assemblyman was offered \$3000 to make Bulla his second choice. Assemblyman Dale has been summoned, on motion of Mellick to testify as to what he knows about the offer, and Jimmy Copeland, who is in San Francisco and who is wanted as a witness, has telephoned that he will be here tomorrow morning.

There are also subpoenas out for De Young and Herrin, Gunst, E. F. Preston and Charles G. Lamberson of Visalia. Milton J. Green, who is under summons to appear before the House and show cause why he should not be punished for contempt for refusing to answer all the questions put to him by the investigators, is still in

bed, ill, and will not be able to appear before the House tomorrow. The strain of the campaign, which has largely been directed by Green, has told upon his nervous system, and he manifests a desire to sleep most of the time. James P. Brown, one of Grant's managers, said he at one time apprehended serious consequences to Green's nervous system.

Green was seen in his chamber tonight by the Times correspondent. He looked pale and weak, but asked with eagerness for news of the situation. He declared again, emphatically, as he has declared many times before, that he never required any legislator's promise to vote for Grant in return for aid given in the legislative canvass, and that he has no reason to reproach himself for any wrong-doing. Mr. Grant is concerned at Green's illness, and is giving him every care and attention, frequently waiting on him with his own hands. A physician is also in daily attendance on Green, and if good care will avail anything, the latter will soon be out of bed.

NO PLAN MAPPED OUT.

[BY DIRECT WIRE TO THE TIMES.] Chairman Cosper said tonight that he had mapped out no course of procedure for tomorrow, but would proceed with whoever appeared before the committee to testify. He said Dan T. Cole had arrived to testify regarding the Clough letter, and Mose Gunst had also come in to respond.

He thought there was no doubt as to the appearance also of M. H. De Young before the committee. Gunst will be questioned with respect to a statement he is said to have made that he had been in the room in which the legislative canvass. The greatest interest of all attaches to the testimony of Dan Burns, for whom a subpoena was also issued. "Judge" Sterry of Los Angeles has returned here to see about his Santa Fe Valley road bill.

BURNS SIDE OF IT.

Burns's friends do not deny that he made a contribution to the campaign of possibly \$10,000, but say it was made in regular way, and published in the report of the State Committee. They say that one proof of their allegations that Burns did not intend to become a Senatorial candidate until the newspapers forced him into the race is found in the fact that he did not, like Grant, start out early on a systematic campaign of carrying legislative districts for candidates who would be favorable to him for Senator.

They deny that he is using the disclosure of the investigation committee as material to beat Grant and profess to believe that nothing will come of that investigation. They are interested in making it appear that Burns is fighting fair and that the "upper circles" of the party are not breaking in the only one who wants to see another candidate.

As to the map, so as to give him a clear field to win.

C. E. WASHBURN.

BREAK EXPECTED SOON.

Bulla Claims to Be the Strongest Man Now—Warm Sessions.

[ASSOCIATED PRESS NIGHT REPORT.] SACRAMENTO, Jan. 22.—Aside from the scandals dug up by the investigation of the special committee appointed to inquire into the charges brought against Speaker Wright of the Assembly, and others prominently connected with the election of an United States Senator, the Senatorial situation is the same as it was one week ago. There has been no break in either of the principal candidates. Grant and Burns, neither has the opposition to these candidates weakened. The one man who has made any decided gain is Bulla of Los Angeles. He appears to be the strongest candidate in the fight, or will be if the second choice of the party is not broken up. It is generally admitted that Bulla has a large second choice following which will go to him when the present combinations break up.

There will be a breaking up soon is evident. There can be no election until this is realized, and the strain has continued about as long as it can. The members of both houses are receiving letters by the hundreds protesting against the existing deadlock. Many of the legislators spent Sunday at home and the discussion of the situation with their constituents may have its effect on the vote of the coming week.

That Grant has been greatly weakened by the publicity of the charges attained by the committee of investigation is generally admitted. His forces continue to remain solid, however, and his friends insist that the investigation had handed them stronger together than they have ever been before.

Tonight there are rumors about the effect that there will be slight change in the vote tomorrow. There is nothing definite about this, however. It is not probable that there will be much of a change before Tuesday at the earliest, although it is the unexpected which always happens.

The special committee on investigation held a meeting at 10 o'clock this morning. That the sessions held by the committee tomorrow will be exciting is confidently stated about the lobbies. Some of the most prominent citizens of the State have been called to appear before it. Their testimony will set at rest, or prove to be true, many of the charges which have been made on the streets and through the press regarding the several candidates before the Legislature.

Word was received here today that Lamberson of Visalia, whom it has been charged that Assemblyman Cosper, chairman of the investigation committee, told that he had been offered \$3000 to vote for Burns, has been subpoenaed and will be on hand tomorrow. His testimony is awaited with interest.

KANSAS PIONEER GONE.

ATCHISON (Kan.) Jan. 22.—James W. Parker died here today of heart failure at 10 o'clock. He was a pioneer stage operator and mail contractor. In 1866 he operated some of the largest mail routes in the country, particularly in the West, being one of the owners of the old California and Oregon stage companies between San Francisco and Portland.

INFANTRY AT DENVER.

DENVER, Jan. 22.—Fifteen carloads of the Twentieth United States Infantry from Fort Leavenworth, Kan., arrived over the Burlington road today and were transferred to the Union Pacific and continued their journey westward to San Francisco.

PLENTY TO DO.

Senate and House Will Both Be Busy.

Indian Appropriation Bill and Army Reorganization.

Latter is the Most Important of All Measures.

Speeches on Expansion Will Take Time in the Senate, While Opening in Opposition to the Policy. The Peace Treaty.

[ASSOCIATED PRESS NIGHT REPORT.] WASHINGTON, Jan. 22.—The fact that the Anti-Scaling Bill was made the unfinished business of the Senate by Saturday's vote does not necessarily insure its immediate consideration. The general understanding is that this bill will wait upon the peace treaty and the appropriation bills, and that the Indian Appropriation Bill will be the first measure to receive the attention of the Senate during the week. The Diplomatic and Pension Appropriation bills also may be considered during the week.

Several speeches on the general subject of expansion are expected to be made. One of these by Senator White, in opposition to the government's policy, will be made tomorrow, and Senator Lodge will follow Tuesday with a speech in support of the policy and in advocacy of the early ratification of the peace treaty.

How much time will be given to the treaty in executive session will depend upon whether the Committee on Foreign Relations considers it in the interest of the treaty to press consideration. There is an effort to arrange a compromise, which would permit speedy action upon the treaty, but if this is not successful, the indications are for considerable delay.

Two compromises are suggested. One of these is for a modification of the treaty or the adoption of a resolution declaratory against the permanent holding of the Philippine archipelago, and the other is for a modification of the Army Reorganization Bill on lines desired by the treaty opponents. It is not yet possible to state whether either course will be pursued.

On Friday, the Senate will listen to eulogies of the late Representative Cook of Illinois.

ARMY REORGANIZATION.

The time of the House this week, excepting tomorrow, which has been set aside for the consideration of District of Columbia business, will be devoted to the Army Reorganization Bill. The consideration of this bill, which is regarded as preeminently the most important general measure to come before Congress at this session, has been delayed by the illness of Chairman Hull of the Military Affairs Committee. He has recovered sufficiently to pilot the measure, however, and the House has formally agreed to take up its consideration on Tuesday. The general debate, not including three night sessions, is to conclude in fifteen hours. This is as far as the agreement goes. It concludes no provision for final vote.

The debate promises to be both interesting and important, as it will raise all the questions involved in increasing our standing army to 100,000 men, as proposed by the bill, together with our whole future policy relative to the territory acquired in the recent war with Spain. There exists a wide variety of opinions upon the proposition to in-

Points of the News in Today's Times.

[THE BUDGET—This morning's fresh telegraphic budget, received since dark last night, includes the principal Associated Press (or night) report, many exclusive Times dispatches, making about 16 columns. A large proportion of it relates to the recent war.]

The City—Pages 5, 6, 7, 8, 10.

Small fire stampedes the congregation in a church. Fatal result of cleaning a loaded pistol. Col. Trumbo talks of the Salt Lake road. Appropriation of school funds. Production of Los Angeles oil wells. The vaccine farm. News of the sporting world. Yesterday's sermons. First death from smallpox. Medical authority on vaccination.

Southern California—Page 9.

Proposed railroad extensions in Orange county. Oil development in the Fullerton district. Orange shipments from Riverside. Dead man found in a box car. Better mail service at Anaheim.

Cable—Pages 1, 2, 3.

Kingdom of Greece in the throes of an earthquake—Strong seismic disturbance in northern Greece. Americans lead on the London Stock Exchange. Esterhazy expected to appear before the court today. Nueces Nachrichten's announcement. Belgians and rebels fighting in the Congo Free State. Cable direct from Germany to the United States.

crease the standing army. It has a strong majority of Republicans behind it, and comes into the House with the endorsement of the President's message practically as an administration measure.

The Democrats and Populists are intensely hostile to the whole proposition, and intend to fight it to the last ditch. They will have some support from the Republican side. The opposition, however, do not desire to embarrass the government, and are willing to provide for a temporary increase in the army of 50,000 men in accordance with the provisions of the substitute bill offered by the minority of the committee. Or they are willing to authorize the continuance temporarily, of the present war strength of the regular army (62,000); anything, in fact, to prevent the creation of a permanent increase. In this they have the sympathy of many of the Republicans. The fate of the bill is in grave doubt.

The statement made on the floor of the Senate to the effect that it was not the intention of the government to take the Philippines permanently, although their authoritative character was denied, have placed a weapon in the hands of the opponents of the measure, who will use the statement that there is doubt as to the future of the Philippines as a strong argument against a permanent increase in the regular army. The bill may not be completed this week, as the order permits its consideration to be interrupted by appropriation bills and conference reports. One of these, the military academy, is on the calendar. The River and Harbor Bill will be reported tomorrow and the Naval Bill probably before the end of the week.

NO CHEMICALS FOUND.

Chemist Wiley's Report on the Beef Question So States.

[ASSOCIATED PRESS NIGHT REPORT.] WASHINGTON, Jan. 22.—Chemist Wiley of the Department of Agriculture has reported to Secretary Wilson that an examination of samples of canned meats secured both in the open market and from the War Department to determine the presence of any chemical preservatives failed to disclose any traces of borax, boric acid, sulphates, sulphuric acid, salicylic or benzoic acids.

The presence of saltwater was confirmed in all the samples of corned beef and so-called luncheon beef, but no trace of it was discovered in the roast beef, though common salt was present to a considerable extent.

PROTEST TO WASHINGTON.

Americans at Munich Said to Have Decided to Send One.

[ASSOCIATED PRESS NIGHT REPORT.] MUNICH, Jan. 22.—[By Atlantic Cable.] The Nueces Nachrichten, which raised a storm of indignation among the ultra-patriotic papers by hinting that German doings in the Philippines were largely responsible for the delicate relations between the United States and Germany, and that as the German Foreign Office knew nothing of them, it would be advisable to institute an investigation with a view of avoiding the recurrence of such mistakes, makes the following announcement today:

"The Americans here have decided to send to Washington a protest against the anti-German expressions used in the House of Representatives, and a declaration that no animosity against America exists in Germany, where Americans always meet with the most friendly reception."

Strike Becoming Serious.

COLON (Colombia), Jan. 22.—The strike of dock laborers is fast assuming a serious aspect. A batch of thirty-six Panama dockmen arrived last night and stones and revolvers were fired at the train as it neared Colon. A hundred more are expected in the course of the next twelve hours, and the ship-owners are anxiously awaiting their arrival, as business is seriously delayed.

Soldiers are guarding the warehouses where the dock men now on hand are at work, and are preventing any communication with the outside.

Big Mining Deal.

COLORADO SPRINGS (Col.) Jan. 22.—The Moon-Anchorage at Cripple Creek has been sold to an English company. The oil company receives 500 shares of \$1 each in the new company (one-seventh of its capitalization) and a minimum of \$300,000 cash, which will be paid as the stock is sold in London.

Articles Free of Duty.

The following are transportation articles which are admitted free of duty on compliance with certain specified conditions:

Manures, natural.

Trees, plants and moss, in natural or fresh state.

National products returning from foreign exhibitions.

Carriages, trained animals, portable theaters, panoramas, wax figures, and other similar objects for public entertainment, exported temporarily.

Receptacles exported from Porto Rico with fruits, sugar, molasses, honey and brandy, and reimported empty, including receptacles of galvanized iron intended for the exportation of alcohol.

Specimens and collections of mineralogy, botany and zoology.

Furniture of persons coming to settle in the island.

Samples of felt, wall paper and tissues.

Samples of triflings in small pieces, of no commercial value or possible application.

Archaeological and numismatical objects for public museums, academies, etc.

Works of fine art acquired by the government, academies or other official corporations, and intended for museums, galleries or art schools.

Gold in bars, powder or coined; also national silver or bronze coins.

Wearing apparel, toilet objects and articles for personal use, bed and table linen, books, portable tools and instruments, theatrical costumes, jewels and table services, imported by travelers in their luggage.

Stone, unwrought, for paving purposes.

Plows, hoes, hatchets, machetes, cana knives, etc., for agricultural purposes and other agricultural implements not machinery.

Quinine, sulphate and bisulphate of, and alloys or salts of, conchona bark.

Books, maps and scientific instruments for the use of schools.

Mineral, carbonated, or seller waters, natural or artificial, root beer, ginger

TARIFF RATES.

Amended Schedule for Porto Rico.

New Customs Take Effect the First of February.

Prepared by Robert P. Porter, After Close Study.

Problem Confronting the Treasury Department in Porto Rico is a Simple One—Free and Dutiable. Cuban Comparison.

[ASSOCIATED PRESS NIGHT REPORT.] WASHINGTON, Jan. 22.—By authority of an executive order issued by the President, January 20, 1899, the Secretary of War has promulgated an amended customs tariff, which was prepared under the direction of the Secretary of the Treasury by Special Commissioner Robert P. Porter, Assistant Secretary Howell and Dr. H. K. Carroll, and which is to take effect at all ports and places in the island of Porto Rico and all islands in the West Indies west of the 74th deg. west longitude, on and after February 1, 1899.

The port of San Juan is designated as the chief customs port and Ponce and Mayaguez as sub-ports, and the office of the army assigned to each of these sub-ports as collector will have general jurisdiction of the collection of the customs at such ports respectively. Any questions arising at any sub-ports will be referred to the collector at San Juan for his decision, from which there is no appeal, except in such cases as the collector may refer for decision to the Secretary of War.

Trade between ports of the United States and all ports or places in Porto Rico, and trade between ports or places in Porto Rico and all islands in the West Indies west of the 74th deg. west longitude, on and after February 1, 1899.

The port of San Juan is designated as the chief customs port and Ponce and Mayaguez as sub-ports, and the office of the army assigned to each of these sub-ports as collector will have general jurisdiction of the collection of the customs at such ports respectively. Any questions arising at any sub-ports will be referred to the collector at San Juan for his decision, from which there is no appeal, except in such cases as the collector may refer for decision to the Secretary of War.

Trade between ports of the United States and all ports or places in Porto Rico, and trade between ports or places in Porto Rico and all islands in the West Indies west of the 74th deg. west longitude, on and after February 1, 1899.

Any merchandise transported in violation of this regulation shall be subject to forfeiture.

For every package transported and landed in violation of this regulation the transporting vessel shall be subject to a penalty of \$200.

This regulation shall not be construed to forbid the sailing of other than the registered vessels of the United States with cargoes and passengers between the United States and ports or places in Porto Rico, or between ports or places in Porto Rico, provided that none are landed, but are destined for some foreign port or place.

This regulation shall not be construed to authorize any lower customs charged or tariff charges on the cargoes of American vessels entering from the United States, than are paid on the cargoes of foreign vessels entering from foreign ports.

The following tonnage dues are established:

On entry of a vessel from a port not in Porto Rico or not in the United States, 20 cents a net ton. On entry of a vessel only to discharge or take on board passengers and their baggage, the tonnage tax is not imposed. Vessels belonging to the United States government or employed in its service, or a vessel of a foreign government not engaged in trade; vessels engaged in trade between the United States and Porto Rican points and vessels engaged in the coasting trade of Porto Rico also are exempt from tonnage dues.

**VIRUS POINTS NOW OBTAINABLE
IN LOS ANGELES.**

**T. H. Newton, an Expert, Innocent
a Healthy Heifer and Supply
the Present Needs of the City
Some Information.**

The agitation engendered by the recent action of the school board requiring all school children to be vaccinated has been the cause of starting a new industry in Los Angeles. Attracted by the great demand for smallpox virus and by the fact that the supply in the city was limited to the amount having in the various drug stores—more but really obtainable—T. H. Newton has inaugurated a "vacc farm" at his residence on Byron street in the southwestern part of the city.

In view of the fact that opinion is sharply divided as to the merits of the method of preventing so disastrous disease as smallpox, many being so radical as to really obtainable—T. H. Newton has inaugurated a "vacc farm" at his residence on Byron street in the southwestern part of the city.

In view of the fact that opinion is sharply divided as to the merits of the method of preventing so disastrous disease as smallpox, many being so radical as to really obtainable—T. H. Newton has inaugurated a "vacc farm" at his residence on Byron street in the southwestern part of the city.

about eight days. If the animal becomes inoculated, the scabs may appear but the intensity of sores from which the serum is obtained.

At the present time Mr. Newton only one heifer that is in a condition to be vaccinated. He has vaccinated 500 to 700 ivory points, and he hopes to be in a position to meet possible demand.

Griffin had considerable experience in preparing smallpox virus for the market, and he may therefore be supposed to know something about the best methods of producing it. He was born in Wisconsin, where, during his lifetime, one of the most ardent promoters of vaccination and the best practical methods of producing it in this country. While together with gentlemen made a thorough and careful study of Dr. Jenner's theory, they have had thousands of opportunities

When a Times representative called upon a young man who had been busily engaged with a trayful of pop applying them to the exposed neck and he kindly gave the reporter a few minutes to interview him, which may be well for the general public to possess. In the first place, you are not a doctor, and you are not in uniform, together with a week or two enforced confinement does not mean simply that the subject has been quarantined. In the second place, that the virus has "taken," a matter of fact, there should be resulting incontinence, and that the patient has been a little sicker than which should ordinarily pass away a few days. The highly inflamed throat and the scarification of the results are caused by using virus so that it has become dead matter, and is some poisonous for the patient. The operation is not an operation at the time. If the patient has been thoroughly inoculated, a while after the scarification, it will take five to seven days, which gradually

is at present drawing his supply only six months old, and does not go to mind in the least the fourteen parently large sores that mark its under and posterior. On the contrary it is patient and quiet while the bits of ivory are being applied to raw places.

Nervous Dyspepsia.

To Gain Flesh, to Sleep Well, to Know
What Appetite and Good
Digestion Mean.

MAKE A TEST OF STUART'S DYSPEPSIA TABLETS.

No trouble is more common or more mis-
derstood than nervous dyspepsia. People
laying it think their nerves are to blame,
and are surprised that they are not cured
by nerve medicines. The real seat of the
trouble is lost sight of. The stomach is
the organ to be looked after.

Nervous dyspepsia often does not have any
pain whatever in the stomach, nor perhaps
any of the usual symptoms of stomach weak-
ness. Nervous dyspepsia shows itself in
the stomach so much as in nearly every
organ. In some cases the heart palpitates
and is irregular, in others the kidneys are
affected, in others the bowels are constipated,
with headaches; still others are troubled

PROF. HENRY W. BECKER, A.M.

with loss of flesh and appetite, with accumu-
lation of gas, sour risings and heartburn.
It is safe to say that Stuart's Dyspepsia
Tablets will cure any stomach weakness or
disease except cancer of the stomach. They
cure sour stomach, loss of appetite, heart-
burn, sleeplessness, palpitation, heartburn,
constipation and headache.

Send for valuable little book on stomach
diseases by addressing F. A. Stuart Co.,
Marshall, Mich. All druggists sell full-size
packages at 25c. Prof. Henry W. Becker,
A.M., the well-known religious
worker and writer of St. Louis, secretary of
the Mission Board of the German Methodist
Church, chief clerk and expert accountant for
the Harbor and Wharf Commission, pub-
lic secretary for the St. Louis School
Patrons' Association, and the district confer-
ence of stewards of the St. Louis School
Patrons, take active part in the work of the
Epworth League, and to write on religious
and educational topics for several magazines.
How he found relief is best told in his own
words:

"Some weeks ago my brother heard me say
something about indigestion, and taking a
box from his pocket, said, 'Try Stuart's
Tablets.' I did and was promptly relieved. Then
I investigated the nature of the tablets and
became satisfied that they were made of just
the right things, and in just the right propor-
tions to aid in assimilation of food. I heartily
indorse them in all respects, and I keep
them constantly on hand."

There were about 1200 people present
at the coursing match at Agricultural
Park yesterday. The purse was \$300,
and the field was in about the best
condition ever known for running. The
talent was lucky in calling the winners,
only a few short-ends winning in the
forty-dog stake. The hares were
very fleet, wearing out the hounds in
several courses and eventually escap-
ing. The surprise of the day was when
Kitty Scott was beaten by Moloch,
after a long run. Orpheus Lass was
an easy winner in the final. Merry
Maiden not being in it from the start
to finish. The Lass always makes a
sprint at the finish and wins in short
courses. The winners of the run-off
were: Get There, from His Freedom;
Orpheus Lass, from Uncle Sam; Reliance,
from Lass O'Gowrie; Fleetwood,
from Ormonde; Van Tralle, from Barry
Sullivan; Kitty Scott, from Carmody;
Moloch, from Rosewood; Little Cor-
poral, from Sir Jasper; Merry Maiden,
from Daisy Hamberg; The Ghost, from
B. B. and B.; Innocent Daisy, from
Lassie Hayes; Stella B. from Queen
Kelp; Fleetfoot, from Beauty Girl;
Cloverleaf, from The Court; Alice, from
Grazers; Fair Roseline, from Don
Sprink; Master Jack, from Portia;
Darknight, from A. B. C.; Premier,
from Van Brulle; Duty, from Mermaid;
Merry Maiden, from Rosewood; Fair
Roseline, Master Jack, Duty.

Second ties—Orpheus Lass, Merry
Maiden, Stella B., Clover Leaf, Fair
Roseline, Master Jack, Duty.
Third ties—Orpheus Lass, Merry
Maiden, Stella B. (by e.).
Fourth ties—Orpheus Lass, Merry
Maiden.

Final—Orpheus Lass from Merry
Maiden, winners; Orpheus Lass first,
Merry Maiden second, Master Jack
third, Moloch fourth.

THE BOXERS.

W. A. Brady, who is arranging for
a fight between Jeffries and Fitzsimons,
said recently to the New York
Sun: "I know that Jeffries made a
rather indifferent showing here last
summer, but that was due to inferior
handling and poor physical condition.
It was not good judgment to arrange
that ten-round bout with Armstrong,
the agreement being that Jeffries
would stop him, for Armstrong is one
of the hardest propositions in the busi-
ness to solve. That is all past, how-
ever, and money talks. Jeffries has
knocked out both Peter Jackson and
Joe Goddard in quick order and has
also got a decision over Jack Kelly.
Jeffries will come East and fight his
way to the top right here. He will
take on anybody, and I'm prepared to
bet on the side that he will not be de-
feated. He never has been knocked
down. I believe I can make a cham-
pion out of him."

"Knocked out" Goddard and Jackson is
a tale for the marines. Those fights
were rank fakes, put up for the very
purpose they are now serving, viz: To
have the reputation of a fighter. The
fight with Kelly was no knock-out, but
a licking and earn without bruises the
fact was that Goddard confessed that
he had engaged in the humbug to
make a few dollars, but his work was
so spiritless and clumsy that the men
who engaged the fake refused to pay
the agreed price, and Goddard gave
away the whole thing. And now Brady
is telling the New Yorkers that Jeffries
"knocked out" Joe Goddard.

ATHLETIC CLUB NOTES.

Prof. Muller and Bob Thompson will
meet in a fifteen-round bout here at
the Los Angeles Athletic Club on the night
of January 30. Thompson is well known
to the local public, while Muller is one
of the lightweights of San Francisco.
Thompson has fought more men than
has the San Francisco man, but his
percentage of victories is not higher
than that of Muller. The latter fought
a twenty-round bout with Kelly last
November in San Francisco, and also
fought with Tom Tracy in Sacramento.
Muller is the boxing instructor of
the Manhattan Athletic Association of
San Francisco, and while in that
position has met many of the best men
in the State. The men will weigh about
137 pounds. The winner of the bout
will be matched to fight "Kid" Lavigne,
the champion lightweight of the world.
The preliminaries of the Muller-Thompson
fight will be a ten-round bout between
"Kid" Chambers and Young Dempsey,
and a six-round bout between "Kid" Wil-
liams and George Hackett, who claims
to have won the feather-weight cham-
pionship of Nevada. The Athletic Club
intends giving a two days' professional
boxing tournament next month.

INTERNATIONAL FOOTBALL.

Team of English Players Will Play
in America This Year.

[New York Sun.] The latest develop-
ment in the domain of international
sport for next season is the invasion
of a team of English "varsity" football
players. Englishmen are planning to
learn the American game, and a squad
of some twenty players will come here
next fall to meet the big players of
the leading colleges and athletic clubs.
The Englishmen who will compose the
team are all expert players and the
English Amateur Athletic Association, and
a further guaranty of the purity
of the winter.

Thomo=Allo.

The project is that the entire agree-
ment will be selected from the uni-
versities of Oxford and Cambridge. Mr.
C. Bryan has been invited to visit Eng-
land by the promoters of the scheme,
the next two weeks after his return a
schedule will be arranged. It is ex-
pected that the Englishmen will land
here about the latter week in August,
and they will immediately go into the
charge of an expert American coach,
who will perfect them in all the finer
points of our football methods. English
football players are confident that they
can easily master the game as played in
America, so much so that if they do
not win they will at least make a
creditable showing. They depend on
their punting and running ability, but
it is hard to see where the former is
of much benefit in the American game
of today. Another feature of the Eng-
lish game is what is termed as forward
passing, but here such a proceeding
would be declared offside play, conse-
quently, the slightest introduction of
these tactics would do more harm than
good in our game. However, there is
very little doubt that the Englishmen
will be fairly successful with the
American game, but whether they will
grow proficient enough to be danger-
ous to our club is another matter. Only
time alone can decide. While here the
Englishmen will visit Canton, and
play the championship team there un-
der Rugby rules.

Addition to the L.A.W.

The L.A.W., in its efforts to keep
control of cycle racing, has been greatly
strengthened by the addition of the
Denver Cyclists' Club. It is said to
be the largest cycling club in the
country. Letters from the club have
been received by officers of the New
York State Association, apprising them
of the club's wish to join the league.
The club, with its 800 members, has
joined the league. The action was de-
termined upon by a unanimous vote
on January 9. One significance
of this lies in the fact that the club
has for a long time been considered
the controlling organization of the
West, and that its influence will cause
many other clubs to do likewise.
Another important point in connection
with the happening is that in the let-
ters announcing the fact to league offi-
cers the club explicitly stated that there
are plenty of good roads about
Denver and a law compelling railroads
to carry bicycles as baggage in the
State. The club is not joining the
league for what it can get, but solely
for the purpose of strengthening the
fight against those who are seeking to
divorce the league from its control of
racing.

ROWING.

Harvard in Favor of Meeting Yale
and Cornell in New London.

Capt. Higginson of the Harvard
"varsity" crew, when he was asked the
Crimson's attitude toward Cornell and
Yale in the matter of the Intercolle-
giate regatta, said that matters were
in an unsettled condition and that no agree-
ment was in sight. So far as the
Harvard side was concerned, however,
he made no bones of outling the policy
under favor.

"Of course," he said, "we want to
row in New London. That is the first
condition. We want to row against the
best crews in the world. We want to
have a race with Yale and Cornell, and
we want to have a race with the Har-
vard side. We want to have a race with
the Harvard side. We want to have a
race with the Harvard side. We want to
have a race with the Harvard side. We
